I wish to put on record my appreciation for the valuable assistance provided by Showick Sumit of University Business School of Management, Punjab University, Chandigarh, who not only reviewed the material but also made great contributions towards the compilation of the book.

I shall remiss, if I fail to mention assistance given by my wife, Ashi, who not only typed the entire manuscript but also spared me from family obligations to devote time on this work.

I am also thankful to the editorial team of my publishers, Tata McGraw-Hill Publishing Co. Ltd. for their thorough in-house review and suggestions for the organisation of the book.

Finally, I wish to express my gratitude to my students, past and present, who have been a constant source of encouragement and help in the preparation of this book. As learning is a constant process, I always consider my readers as my best guides, and therefore, their suggestions and feedback are welcome for the further improvement of successive editions.
