AN ERA OF DARKNESS

THE BRITISH EMPIRE IN INDIA

'Rare indeed is it to come across...
 history that is so readable and
 so persuasive.'—AMITAV GHOSH

In 1930, the American historian and philosopher Will Durant wrote that Britain's 'conscious and deliberate bleeding of India... [was the] greatest crime in all history'. He was not the only one to denounce the rapacity and cruelty of British rule, and his assessment was not exaggerated. Almost thirty-five million Indians died because of acts of commission and omission by the British—in famines, epidemics, communal riots and wholesale slaughter like the reprisal killings after the 1857 War of Independence and the Amritsar massacre of 1919. Besides the deaths of Indians, British rule impoverished India in a manner that beggars belief. When the East India Company took control of the country, in the chaos that ensued after the collapse of the Mughal empire, India's share of world GDP was 23 per cent. When the British left it was just above 3 per cent.

The British empire in India began with the East India Company, incorporated in 1600, by royal charter of Her Majesty Queen Elizabeth I, to trade in silk, spices and other profitable Indian commodities. Within a century and a half, the Company had become a power to reckon with in India. In 1757, under the command of Robert Clive, Company forces defeated the ruling Nawab Siraj-ud-Daula of Bengal at Plassey, through a combination of superior artillery and even more superior chicanery. A few years later, the young and weakened Mughal emperor, Shah Alam II, was browbeaten into issuing an edict that replaced his own revenue officials with the Company's representatives. Over the next several decades, the East India Company, backed by the British government, extended its control over most of India, ruling with a combination of extortion, double-dealing, and outright corruption backed by violence and superior force. This state of affairs continued until 1857, when large numbers of the Company's Indian soldiers spearheaded the first major rebellion against colonial rule. After the rebels were defeated, the British Crown took over power and ruled the country ostensibly more benignly until 1947, when India won independence.

CONTENTS

xvii

PREFACE

The Oxford speech – Indian reactions – criticisms taken into account – history is neither for excuses nor for revenge

1. THE LOOTING OF INDIA

1

Durant's outrage – the conquest of India by a corporation – the East India Company – the deindustrialization of India – destruction of Indian textiles – extraction, taxes and diamonds – Clive and Plassey – the 'nabobs' – corruption – revenue collection and the drain of resources – the Permanent Settlement – Indian military contributions to Empire – Naoroji's indictment – the destruction of shipping and shipbuilding – stealing from Indian steel – how India missed the Industrial Revolution – the Scots benefit

2. DID THE BRITISH GIVE INDIA POLITICAL UNITY?

43

British claim to creating Indian unity – the ancient 'idea of India' and the centralizing impulse – counterfactuals of history – the destruction of political institutions – overthrow of 'native princes' – weakening of village self-governance – Indian social structures unfamiliar to the British – increasing British control – deinstitutionalization of governance – native rulers not worse than Company – the Crown takes over its jewel – imperial ostentation and 'ornamentalism' – Curzon and British self-regard – the un-Indian Civil Service – lifestyles of the rich and infamous – Indians in imperial service – exclusion and suppression of Indian talent – Chetty, Tagore, Banerjee, Ghosh – imperial racism; only disconnect – British governance, the swadeshi movement and the advent of Mahatma Gandhi – the Montagu-Chelmsford 'reforms' – the Great War and the great betrayal

3. DEMOCRACY, THE PRESS, THE PARLIAMENTARY SYSTEM AND THE RULE OF LAW

93

The British case for liberal democracy – the (partly) free press – freedom and constraints – the rise of Indian newspapers – the Vernacular Press Act – The Hindu – the Amrita Bazar Patrika & its Kashmir exposé – the Press Act of 1910 – the Parliamentary system in India – ‘rule of law’: the boot and the spleen – Can Englishmen murder Indians? – misogynous laws – racism – ‘criminal tribes’ – colonial-era prejudices entrenched in Indian Penal Code – Section 377, sedition & adultery – British laws outlived colonialism

4. DIVIDE ET IMPERA

119

Divide and rule as a colonial project – caste, race and classification – the creation of community feeling – the British punditocracy – how the census undermined consensus – British colonialism self-justified – caste reified by colonialism – the Hindu-Muslim divide – communalism as a colonial construction – the Indian National Congress and the Muslim League – the British and the Shia-Sunni divide – British communal bias – a saint among sinners – separate electorates – stumbling towards Armageddon – Congress resignations – Quit India – the revival of the Muslim League – the Cripps Mission – endgame: election, revolt, division – negotiations over withdrawal – two surrenders: the British give up and the Congress gives in – quitting India, creating Pakistan – a ‘tryst with destiny’

5. THE MYTH OF ENLIGHTENED DESPOTISM

175

The case for enlightened despotism – feast and famine: the British and ‘starving India’ – the British colonial holocaust – famines and British policy – Adam Smith & Malthus – troubled consciences, untroubled indifference – Lord Lytton’s benign neglect – Indians active in relief – ‘numerical rhetoric’ – the Bengal Famine and Churchill’s attitude – forced migration: transportation and indentured labour – the Straits Settlements, Mauritius and elsewhere – indentured labour – the British Raj – colonial massacres – the story of Jallianwala Bagh – reign of terror by General Dyer – the British reward a killer

6. THE REMAINING CASE FOR EMPIRE

205

British profits, Indian taxes – private enterprise and public risk – benefits to Britain – exploitation of Indian passengers – discrimination in employment – the Great Indian Railway Bizarre – economic distortions caused by railways – British education policy – destruction of Indian education – pathshalas, madrasas, makhtabs – education and the English language – Macaulay’s Minute on Education – Mill’s Utilitarianism – Orientalists versus Anglicists – limitations of Indian universities – denationalizing Indians – textual harassment – British history – English literature – influence of Western ideas – caste and education – colonization of the Indian mind – Wodehouse, colonialism and the English language – tea without sympathy – exploitation of plantation workers – tea spreads to Indians – the Indian game of cricket – cricket and social status – Ranji – cricket and nationalism

7. THE (IM)BALANCE SHEET: A CODA

249

The (Im)balance sheet: a coda – positives and negatives – imperial pretensions, colonial consequences – efficiency and indifference versus exploitation – comparative performance of India during and after Empire – Indian rejection of British capitalism – positive by-products of British policies – the moral barrier – British policy on opium – contemporary condemnation – social reform mainly by Indians – the British remained foreigners, unlike Muslim rulers – ‘The Brown Man’s Burden’

8. THE MESSY AFTERLIFE OF COLONIALISM

275

Consequences of Empire – imperial amnesia – echoes in today’s world – Ferguson’s case for Empire – atonement – returning the jewel in the crown – resisting colonialism; the appeal of Gandhism – Gandhism unrealistic against modern violence – cast a long shadow: residual problems of colonialism
