About the Book

This book "Bio-security in Poultry" is written basically for poultry producers across India to keep their flocks healthy and economically productive by mean of develop a biosecurity plan to own their farms and to proceed with the implementation of relevant good biosecurity practices. This book is also useful for who do business with the poultry farming or engage in the visit. Everyone has a role to play in biosafety and can work positively to biosecurity efforts on the farm. The objective of this effort is to explain how producers can achieve these results through a set of best practices and a list of key activities. The poultry farmers produce food for human consumption and, therefore, food safety is a priority for the industry. The implementation of effective practices used to support the production of safe and wholesome poultry products that have been quality control object supported for sustainable future of poultry farms in India, both locally and regionally. In this book, Producers are encouraged to develop a biosecurity plan for their own farm to implement best practices that meet the needs of their poultry farm. The information used for the development of this book for producers comes from different documents. List has been given at the end of the book. The authors do hope that after reading this book Poultry farm producer would able to develop a framework that facilitates the development of an own biosecurity plan to the farm and focus on the main stages of the development of a biosecurity plan for each of the preparatory stages.

Dedication
To Almighty God;
parents, wife, friends and guides
whose kindness and blessings
inspired us to believe that
We are capable of authoring a book.

Contents

1.	Biosecurity And Disease Management	07
2.	Hazard Analysis, Critical Control Points (HACCP)	33
3.	Terminal Biosecurity Programme	41
4.	Poultry Production Continuous Biosecurity Programme	45
5.	Poultry Transport Biosecurity	49
6.	Keeping the water clean and safe.	57
7.	Breeder and Hatchery Biosecurity	67
8.	Biosecurity Basics for Poultry Growers	77
9.	Biosecurity measures for the Backyard Flock	83
10.	Disease Control: Biocontainment	91
11.	Cleaning And Disinfection	111
12.	Composting Mass Poultry Mortalities	125
13.	Implementation biosecurity programme correctly in farms	129
14.	General Guidelines for Biosecurity	135
	Glossary & References	165
