How to Prepare for

LOGICAL REASONING

for the **CAT**

COMMON
ADMISSION TEST

2ND
EDITION

The second revised edition of *Logical Reasoning for the CAT* by well known author Arun Sharma reiterates the importance of Reasoning as a subject in CAT and other MBA entrance examinations. It provides clear guidelines on how to successfully tackle the questions asked in this section. A good score in this section considerably eases the pressure on doing well in the Verbal Ability section.

Salient Features

- Adopts a graded and calibrated approach towards understanding the topic
- Familiarises aspirants with the various types of LR questions asked in CAT and other MBA entrance examinations
- Solutions to most exercises and questions have been written with the unique approach of the 'REACTION TRACKER' which shows you exactly how to crack an LR question
- 'Reasoning Archives' gives you an immediate perspective of the kinds of questions and the depth of questions that have been historically asked in CAT and other parallel aptitude exams

What's new?

- Additional questions to the LOD 1, LOD 2 and LOD 3 exercises to help aspirants understand how tricky questions can be tackled
- Addition of mock tests for the CAT with the express purpose of giving the aspirants an experience of LR problem solving within the Verbal Ability and Logical Reasoning section of the CAT
- Latest reasoning and decision-making questions from XAT 2013 and XAT 2014 and from the IIFT 2012 and 2013 papers
