

BACKYARD POULTRY MEDICINE AND SURGERY

A Guide for Veterinary Practitioners

Backyard Poultry Medicine and Surgery is a practical resource offering guidance on developing diagnostic and treatment plans for individual companion poultry or small flocks. Organized by body system to aid in developing a differential diagnosis list for common presenting signs, the book provides all the information clinicians need to effectively treat backyard poultry. Written by experts from both the commercial poultry field and the companion avian field, the book provides thorough coverage of both common and less common diseases of backyard chickens, ducks, and other poultry.

The book begins with introductory chapters covering general information, an overview of US laws, and basic husbandry concerns, then moves into specific disease chapters organized by system. The book takes an individual medicine perspective throughout, with photographs, radiographs, and histopathological photomicrographs to illustrate principles and diseases. *Backyard Poultry Medicine and Surgery* is an invaluable guide to diseases and treatments for any practitioners treating backyard poultry.

KEY FEATURES

- Offers a practical reference on diseases and treatment of backyard poultry, with clinically relevant information veterinarians need to care for backyard flocks
- Takes an easy-to-use body system approach to help differentiate between diseases
- Focuses on individual diagnostic and treatment options for the individual bird or small flock
- Presents a special chapter on regulatory considerations for medication use in backyard poultry
- Provides more than 200 photographs, radiographs, and histopathological photomicrographs to illustrate the concepts discussed
- Includes access to an accompanying website with photographs, videos, and linked references and websites at www.wiley.com/go/greenacre/poultry

Contents

- Contributors, ix
- Foreword, xi
- Preface, xiii
- Acknowledgments, xv
- Companion website, xvii

Section I: General Information

- 1 Laws and Regulations Governing Backyard Poultry in the United States, 3
J. Bruce Nixon
- 2 Common Breeds of Backyard Poultry, 18
Lillian Gerhardt
- 3 Basic Housing and Management, 27
Darrin Karcher
- 4 Anseriforme Husbandry and Management, 34
M. Scott Echols
- 5 Backyard Poultry Nutrition, 72
Todd J. Applegate
- 6 Parasitic Diseases, 82
Richard Gerhold

Section II: Medicine and Surgery

- 7 Physical Examination, Anatomy, and Physiology, 95
Wael Khamas, Josep Rutllant-Labeaga, and Cheryl B. Greenacre
- 8 Biosecurity and Zoonotic Diseases, 117
Teresa Y. Morishita, Cheryl B. Greenacre, and Marcy Souza
- 9 Avian Influenza and Viscerotropic Velogenic (Exotic) Newcastle Disease, 133
Richard M. Fulton

- 10 Respiratory Disease, 137
Richard M. Fulton
- 11 Musculoskeletal Diseases, 145
Cheryl B. Greenacre
- 12 Dermatological Diseases, 160
Angela Lennox
- 13 Reproductive Diseases, 169
Eric Gingerich and Daniel Shaw
- 14 Gastrointestinal and Hepatic Diseases, 181
Teresa Y. Morishita and Robert E. Porter Jr.
- 15 Cardiovascular Diseases, 204
Hugues Beaufrère and Nobuko Wakamatsu
- 16 Soft Tissue Surgery, 220
M. Scott Echols

Section III: Diagnostics, Drugs, and Vaccines

- 17 Egg Diagnostics, 263
Teresa Y. Morishita, Josep Rutllant-Labeaga, and Darrin Karcher
- 18 Diagnostic Lab Sampling, 275
Rocio Crespo and H.L. Shivaprasad
- 19 Interpretation of Laboratory Results and Values, 283
Rocio Crespo and H.L. Shivaprasad
- 20 Regulatory Considerations for Medication Use in Poultry, 297
Lisa Tell and Tara Marmulak
- 21 Vaccination of Poultry, 321
Robert E. Porter Jr.
