

SECOND EDITION  
**SUPPLY CHAIN MANAGEMENT**  
TEXT AND CASES  
JANAT SHAH

exceptionally well-written book introduces the concepts of supply chain management in a simple language. The case studies discuss several Indian supply chain issues from a managerial viewpoint.  
*Rahul Jagannath Patil, Professor, Indian Institute of Technology Bombay*

book is an incredible mix of well-explained concepts and case studies. It is probably the best book in this field that covers issues relevant to India. Sincere effort has been made to look at various supply chain issues while maintaining a fine balance between an analytical approach and a qualitative perspective.  
*Balram Avittathur, Professor, Indian Institute of Management Calcutta*

*Supply Chain Management: Text and Cases* is an excellent book with comprehensive treatment of theory and practice covering people, process, technology, and systems aspects of supply chain management with best practices from the context of emerging economies. Features such as 'Interview with... (expert)' and 'Mini Project' included in every chapter are very useful.  
*S Venkataramanaiah, Professor, Indian Institute of Management Lucknow*

is a rare textbook that lucidly interlaces conceptual rigor with practical nuances. The most important feature of this book is the treasure of cases that exemplify the complex and globally relevant Indian context. This is a must-read resource for both academia and industry.  
*L S Murty, Professor, Indian Institute of Management Bangalore*

book is extremely helpful to assimilate difficult concepts like supply chain innovation, vehicle routing problems, inventory models (both deterministic and probabilistic), and postponement strategy. Excellent case studies to help students understand the managerial implications. This is also the first book on supply chain management which has addressed Indian supply chain issues. Both management and PhD students can find comprehensive coverage of supply chain concepts in this book.  
*Rameshwar Dubey, Associate Professor, Symbiosis International University, Pune*

# CONTENTS

Preface..... xvii

Reviewers..... xxiii

## **Part I: Introduction and a Strategic View of Supply Chains 1**

### **1 The Role of Supply Chain Management in Economy and Organization 3**

**Introduction 4**

**What Is Supply Chain Management? 4**

Evolution of Supply Chain Management 5

**Key Concepts in Supply Chain Management 9**

Decisions in a Supply Chain 10

**The Importance of the Supply Chain 11**

**Enablers of Supply Chain Performance 13**

Improvement in Communication and IT 13

Emergence of Third-party Logistics Providers 14

Enhanced Inter-firm Coordination Capabilities 14

**Supply Chain Performance in India 15**

Challenges in Maintaining a Supply Chain in India 16

Supply Chain Challenges for the Indian FMCG Sector 18

### **2 Supply Chain Strategy and Performance Measures 25**

**Introduction 26**

**Customer Service and Cost Trade-offs 26**

Order Delivery Lead Time 28

Supply Chain Responsiveness 31

Delivery Reliability 33

Product Variety 34

**Supply Chain Performance Measures 35**

Benchmarking Supply Chain Performance Using Financial Data 37

**Linking Supply Chain and Business Performance 39**

<b>Enhancing Supply Chain Performance</b>	39
Supply Chain Optimization	41
Supply Chain Integration	41
Supply Chain Restructuring	41
<b>3 Outsourcing: Make Versus Buy</b>	45
<b>Introduction</b>	46
<b>Make Versus Buy: The Strategic Approach</b>	46
<b>Identifying Core Processes</b>	47
The Business Process Route	48
The Product Architecture Route	49
<b>Market Versus Hierarchy</b>	50
Economies of Scale	51
Agency Cost	52
Transaction Cost	53
Incomplete Contracts	53
Integrative Framework of Market Versus Hierarchy	56
<b>The Make-Versus-Buy Continuum</b>	57
Tapered Integration	58
Collaborative Relationship	58
<b>Sourcing Strategy: Portfolio Approach</b>	59
Reconfiguration of the Supply Base	61
<b>Impact of the Internet on Sourcing Strategy</b>	63
<b>Part II: Managing Material Flow in Supply Chains</b>	69
<b>4 Inventory Management</b>	71
<b>Introduction</b>	72
<b>Types of Inventory</b>	73
Cycle Inventory	74
Safety Stock	74
Decoupling Stocks	74
Anticipation Inventory	74
Pipeline Inventory	75
Dead Stock	75
<b>Inventory-related Costs</b>	76
Ordering Costs	76
Inventory-carrying Costs	76
Stockout Costs	77
<b>Managing Cycle Stock</b>	78
Cycle Stock Inventory Model	79
<b>Managing Safety Stock</b>	81
Capturing Uncertainty	82
Impact of Service Level on Safety Stock	83
<b>Managing Seasonal Stock</b>	89
Planning for Seasonal Demand	90

<b>Analysing Impact of Supply Chain Redesign on the Inventory</b>	91
Centralization Versus Decentralization	91
Choice of Mode of Transport	93
<b>Managing Inventory for Short Life Cycle Products: Newsvendor Model</b>	94
<b>Multiple-item, Multiple-location Inventory Management</b>	95
Selective Inventory Control Techniques	96
<b>5 Transportation</b>	103
<b>Introduction</b>	104
<b>Drivers of Transportation Decisions</b>	104
Transportation Cost Structures	104
Impact of Product and Demand Characteristics on System Cost	106
<b>Modes of Transportation: Choices and Their Performance Measures</b>	107
Choices Available	107
Comparison of Modes of Transportation on Supply Chain Performance Measures	109
<b>Devising a Strategy for Transportation</b>	113
Distribution Network Design Options	113
Comparison of Distribution Network Design Options	114
Cross-docking	117
Transportation Strategies Followed by Retail Firms	118
<b>Vehicle Scheduling</b>	119
Saving Algorithm for Vehicle Scheduling	119
Static-Versus-Dynamic Scheduling	123
<b>Transportation Costs in E-Retailing</b>	124
Shipping Charges by E-Retailers	124
Impact of Transport Cost on Business Performance of E-Retailers	125
Grocery on the Internet: Experience of Webvan and Tesco	127
<b>6 Network Design and Operations: Facility Location</b>	131
<b>Introduction</b>	132
<b>Network Operations Planning</b>	132
Relevant Costs for Network Decisions	132
Network Operations Optimization: Cost Minimization Model	134
Network Operations Optimization: Profit Maximization Model	136
<b>Network Design Problem</b>	138
Network Design Model: Cost Minimization Model	139
Network Design Model: Profit Maximization Model	140
Political Dimensions of Network Design Decisions	141
<b>Network Design and Operations Models: Extensions</b>	143
Seasonal Products: Tactical Planning Problems	143
Multiple Capacity: Deciding on the Best Option	143
Short Life Cycle Products: A Suitable Network Design	144

<b>Data for Network Design</b>	147
Demand Data	147
Supply Side Cost Data	147
<b>Strategic Role of Units in the Network</b>	148
Strategic Role Framework	148
Role Evolution Within a Network	149
<b>Location of Service Systems</b>	150
Locating Retail Outlets	151
Locating Public Service Systems	152
Designing Aftermarket Service System Network	152
<b>Incorporating Uncertainty in Network Design</b>	153
<b>Appendix A: Solving Network Design and Operations Problem Using Excel Solver</b>	156
Step 1: Preparing Base Data	156
Step 2: Formulating Model in Solver	157
Step 3: Solving Problem and Carrying Out Sensitivity Analysis of the Solution Using Solver	158
<b>Network Design Decision</b>	160

### Part III: Managing Information Flow in Supply Chains 163

#### 7 Demand Forecasting 165

<b>Introduction</b>	166
<b>The Role of Forecasting</b>	166
Characteristics of Forecasts	167
Time Horizons for Forecasting	168
<b>Qualitative Forecasting Methods</b>	169
The Delphi Approach	169
Market Research	170
Life Cycle Analogy	170
Informed Judgement	170
<b>Quantitative Methods</b>	172
Time-series Method	172
Causal Models	174
Forecast Error	175
<b>Time-series Forecasting Models</b>	176
Case 1: Forecasting Level Form	177
Case 2: Forecasting the Trend Form	181
Case 3: Forecasting Seasonality	182
Case 4: Forecasting Combination of Seasonality and Trend	184
Data Preparation for Building Time-series Models	187
<b>Behavioural Issues in Forecasting</b>	187

#### 8 Information Technology in Supply Chain Management 191

<b>Introduction</b>	192
<b>Enabling Supply Chain Management Through Information Technology</b>	192

IT in Supply Chain Transaction Execution	194
IT in Supply Chain Collaboration and Coordination	195
IT in Supply Chain Decision Support	199
IT in Supply Chain Measurement and Reporting	201
<b>Strategic Management Framework for IT Adoption in Supply Chain Management</b>	202
<b>Supply Chain Management Application Marketplace</b>	205
<b>Future Trends</b>	205

### Part IV: Supply Chain Innovations 221

#### 9 Supply Chain Integration 223

<b>Introduction</b>	224
<b>Internal Integration</b>	225
Centralized System	226
Decentralized System	227
Hybrid System	227
<b>External Integration</b>	228
Increase in Demand Volatility While Moving Up the Supply Chain	228
Impact of Buyer Practices on Demand Distortions Across the Buyer-Supplier Link	229
Impact of Supplier Practices on Demand Distortions Across the Buyer-Supplier Link	231
Bullwhip Effect: Demand Volatility and Information Distortions Across Supply Chains	233
Remedial Strategies to Counteract Demand Distortions Across Supply Chains	235
Barriers to External Integration	237
<b>Building Partnership and Trust in a Supply Chain</b>	240
Steps in Building Successful Relationships	241
Effect of Interdependence on Relationships	242
<b>Supply Chain External Integration: Industry-level Initiatives</b>	243
Vendor-managed Inventory	243
Efficient Customer Response	244
CPFR	245

#### 10 Supply Chain Restructuring 249

<b>Introduction</b>	250
<b>Supply Chain Mapping</b>	250
Value-addition Curve	251
Customer Entry Point in the Supply Chain	251
Point of Differentiation	252
<b>Supply Chain Process Restructuring</b>	252
<b>Postpone the Point of Differentiation</b>	254
Postponement Case Studies	254

Postponement for Reducing Transportation Cost	256
Problems with Implementing the Postponement Strategy	256
<b>Changing the Shape of the Value-addition Curve</b>	257
<b>Advance the Customer Ordering Point: Move from MTS to CTO Supply Chain</b>	258
Altering Customer Offering Bundle	259
Illustrative Case Studies	260
Moving from MTS to CTO: Alternative Approaches	261
<b>Moving from the MTS to the CTO Model: The Role of Innovations and Experimentations</b>	263
<b>Restructuring the Supply Chain Architecture</b>	263
Restructure Flow in the Chain: Hindustan Unilever Case	264
Restructure Placement of Inventory in the Chain	265
<b>11 Supply Chain Contracts</b>	<b>271</b>
Introduction	272
Incentive Conflicts in Supply Chains	272
Types of Supply Chain Contracts	277
Effectiveness of Supply Chain Mechanisms	278
Buyback Contract	278
Revenue-Sharing Contract	283
Equivalence of Revenue Sharing and Buyback Contracts	286
Other Popular Supply Chain Contracts	288
<b>12 Agile Supply Chains</b>	<b>291</b>
Introduction	292
<b>Supply Chains for High Demand Uncertainty Environment</b>	293
Forecast Updating	294
Responsive Supply Chain: Optimal Use of Dual Sources of Supply	296
<b>Illustration of Responsive Supply Chain Approach</b>	297
Speculative Approach	298
Responsive Approach	300
Impact of Negatively Correlated Demand Structure	304
<b>Sources of Supply Chain Disruptions and Its Impact on Business</b>	305
Sources of Supply Chain Disruptions	305
Consequences of Supply Chain Disruptions	307
<b>Methodologies for Handling Disruptions</b>	307
Multi-location Sourcing	308
Location of the Secondary Source	309
<b>Appendix: Simulation Using Excel</b>	311
Generating Random Numbers Using Excel	311
Building a Simulation Model	312

<b>13 Pricing and Revenue Management</b>	<b>315</b>
Introduction	316
Pricing	316
Law of Demand and Optimal Pricing Decision	316
Case of Non-linear Demand Curve	318
<b>Revenue Management for Multiple Customer Segments</b>	319
<b>Pricing Under Capacity Constraint for Multiple Segments</b>	323
<b>Revenue Management Under Uncertain Demand and Limited-capacity Situations</b>	325
Capacity Allocation Among Multiple Segments	325
Forward Market Versus Spot Market	327
Overbooking	328
<b>Revenue Management for Inventory Assets: Markdown Management</b>	330
<b>Innovative Pricing</b>	331
<b>14 Sustainable Supply Chain Management</b>	<b>335</b>
Introduction	336
Factors Influencing Green Supply Chain Initiatives	337
Challenges of Going Green	339
<b>Green Supply Chain Management</b>	340
The "Re-" process	343
The Social Aspect of Sustainable Supply Chain Management	347
<b>Part V: Supply Chain Cases</b>	<b>351</b>
▶ Kurlon Limited (A)	353
▶ Kurlon Limited (B)	367
▶ Vehicle Routing at Baroda Union	373
▶ Supply Chain Initiative at APR Limited	379
▶ Supply Chain Management at Dalmia Cement Ltd	389
▶ The Global Green Company	397
▶ Marico Industries: mySAP™ Supply Chain Management	413
▶ Subhiksha: Managing Store Operations (A)	433
▶ Subhiksha: Managing Store Operations (B)	451
▶ Suguna Poultry Farm Ltd	453
<b>Brand and Company Index</b>	<b>467</b>
<b>Subject Index</b>	<b>471</b>
