Acknowledgement

my students by coaching whom I got the deeper insight of teaching and inspiration
ize an unprecedented book.

my friends, colleagues and well wishers who have appreciated this visionary work.

those who have responded me warmly either by providing suggestions or other
inputs.

ly acknowledge the support of Er. J.B.Verma who has initially motivated me to
rk on this strenuous project.

nerable parents and teachers are invariably special to me who have firmly
ated the everlasting and invaluable teachings in me. They have invariably been the
n of advancement through their sacred blessings and timely appreciation.

l thanks are due to Mr. K.K.Verma (IIT-R), Mr. M.S.Agrawal (IIT-K, IIM-L), Mr. Hamza
an (M.Tech.), Mr. Abis Naqvi, Mr. S.A.Siddiqui, Mr.Bhanu P. Singh, Mr. Ravi Singh,
ran Verma, Ms. Anjuli Verma, Col. D.R. Patnaik (Dehradun), Pravesh K. Verma and
hose who have supported or encouraged me throughout gestation of the book.
s all the leading personalities of the world whose thoughts and actions are worth
ting.

le are my feelings desperately indebted to Ms. Priyanka, a vivacious and enviable
ality whose contribution is praise worthy. I believe that anyone can take a leaf
er book.

ry proud of my special student Diwakar Nair who has greatly benefited from the
t of this book in a very short span of time who has realized a rare possible 3 digit
in his score and hence he has fetched the most sought after calls from IIMs and
mention from other top ten B-schools too. He deeply appreciates the content and
tation of this book besides my futuristic and unrivalled teaching methodology.

ry grateful to Er. Praveen Kumar for the rigorous proofreading and sharing his
s time.

ot express my gratitude in words to Mr Deepesh Jain & his dynamic staff who have
l as much as me. I extend my special thanks to Mr Mahendra Singh Rawat, Mr
Kumar Verma & Mr Harsh Kumar at Arihant Publications, without their expertise,
red efforts and generous co-operation this stupendous book would not have been
alized into a reality.

Quantitative Aptitude

Quantum

CAT

Common Admission Test *For Admission into IIMs*

- More than 300 fundamental concepts discussed with all the nuances.
- More than 800 examples thoroughly illustrated with every subtlety.
- More than 4000 practice problems fully solved to make you master on every aspect.
- Non-algebraic, diagrammatic and logical solutions to speed up your mathematical thought process.
- Shortcut techniques, analytical methods and inspirational approach to crack CAT.
- Exclusive score boosting strategies and next generation approaches for repeaters, stagnant scorers, and pessimists.
- Special solutions and tips for non-mathematical background students.
- Apart from CAT-2009 where 100s of problems had found a great match with what it was already provided in the Quantum CAT, other prestigious exams too are not shying away from taking a leaf from Quantum CAT.
- In FMS Test one can find as high as 90% sums resembling with what the Quantum CAT has already offered to its esteemed readers.
- Even SNAP Test is not far behind as at least 70% sums are taking their roots from this same book.
- IIFT Test is already setting examples for others by borrowing the sums and concepts from Quantum CAT, where it has already chosen to pick more than 12 sums straight from this book in 2007.
- One can easily crack more than 70% sums of JMET as there is no much difference in the questions and concepts elaborated in Quantum CAT than what had JMET asked this year.
